

### The Goodsell Quarry

**CONTACT INFORMATION:** East shore South of the “Great Marsh” about half a mile North of “Reynolds Point.” Open year round, visitors welcome all day every day.

Goodsell Quarry is an historical site. Goodsell Quarry is a public place for all to visit. Dorus V. Goodsell used to own it, but today it is maintained by the town.. Goodsell Quarry was built in 1874 and marble and limestone were produced. There are a lot of fossils. There is also a rock-climbing wall. It is a great place to spot many different animals and plant life. There is also a fun trail to walk on. There are also great views! Currently there is work being done at the Quarry to purify drinking water.
